I. INTRODUCTION

A. The United States of America, on behalf of the United States Department of Commerce's National Oceanic and Atmospheric Administration ("NOAA"), has filed a Complaint against LLOG Exploration Offshore, L.L.C. ("Settling Defendant") in this Court alleging that Settling Defendant is liable to the United States under Section 1002(a) and (b)(2)(A) of the Oil Pollution Act of 1990 ("OPA"), 33 U.S.C. § 2702(a) and (b)(2)(A), for damages for injury to, destruction of, loss of, or loss of use of, Natural Resources, resulting from the 2017 discharge of oil from Settling Defendant's then-owned and -operated offshore Mississippi Canyon Block 209 subsea oil-production system under Lease OCS-G-24055 (the "MC 209 facility") in the Gulf of Mexico located on the Outer Continental Shelf of the United States.

B. The Complaint alleges that on or about October 11, 2017, oil was discharged into the waters of the Gulf of Mexico from the MC 209 facility. The oil spilled from a fractured subsea wellhead jumper that connected the MC 209 Well No. 1 wellhead to a subsea manifold referred to as a Pipeline End Termination. The spill continued into at least the following day, October 12, 2017. These events are referred to as the "Incident."

C. Settling Defendant reported to the U.S. Department of the Interior's Bureau of Safety and Environmental Enforcement ("BSEE") that the Incident resulted in an estimated discharge of 16,000 barrels of oil (672,000 gallons) into the waters of the Gulf of Mexico. The United States Coast Guard, in coordination with NOAA and BSEE, and Settling Defendant responded to the spill.

D. The Complaint further alleges that the oil discharge caused injury to, destruction of, loss of, or loss of use of, Natural Resources belonging to, managed by, held in trust by, appertaining to, or otherwise controlled by the United States.

E. The Trustee for the Natural Resources alleged to be injured is the Secretary of the Department of Commerce, through NOAA. NOAA is authorized to act pursuant to Section 1006(b)(2) of OPA, 33 U.S.C. § 2706(b)(2), Subpart G of the National Oil and Hazardous Substances Pollution Contingency Plan (“NCP”) (40 C.F.R. §§ 300.600, *et seq.*) and Executive Order 12580 (3 C.F.R., 1987 Comp. p. 193, 52 Fed. Reg. 2923 (January 23, 1987)) as amended by Executive Order 12777 (56 Fed. Reg. 54757 (October 19, 1991)). Under these authorities, NOAA acts on behalf of the public to seek damages for the injury to, destruction of, or loss of Natural Resources resulting from the discharge of oil into the environment.

F. Following the Incident, Settling Defendant provided \$100,000.00 to NOAA for Natural Resource Damage Assessment costs in connection with the Incident.

G. Based on NOAA’s work to assess the injuries in this case and experience with restoration efforts throughout the region, NOAA believes the amount to be paid by Settling Defendant as set forth in this Consent Decree constitutes adequate and reasonable compensation for Natural Resource Damages arising from the Incident.

H. Settling Defendant neither admits the allegations in the Complaint nor liability to the United States arising out of the Incident.

I. The Parties agree, and the Court, by entering this Consent Decree, finds that this Consent Decree has been negotiated by the Parties in good faith, that it is intended to avoid potentially prolonged and complicated litigation among the Parties and to expedite natural

resource Restoration to be performed by NOAA, and that it is fair, reasonable, in the public interest, and consistent with the purposes of OPA.

THEREFORE, with the consent of the Parties, IT IS HEREBY ADJUDGED, ORDERED AND DECREED as follows:

II. JURISDICTION AND VENUE

1. This Court has jurisdiction over the subject matter of this action pursuant to Section 1017(b) of OPA, 33 U.S.C. § 2717(b), and 28 U.S.C. §§ 1331 and 1345. Venue lies in this District pursuant to Section 1017(b) of OPA, 33 U.S.C. § 2717(b), and 28 U.S.C. § 1391(b), because Settling Defendant resides in this judicial district. The Court also has personal jurisdiction over Settling Defendant in connection with this action. For the purposes of this Consent Decree, and the underlying Complaint, Settling Defendant waives all objections and defenses that it may have to jurisdiction of the Court or to venue in this District. Settling Defendant agrees that it will not challenge this Court's jurisdiction to enter and enforce this Consent Decree.

2. For purposes of this Consent Decree, Settling Defendant agrees that the Complaint states claims upon which relief may be granted pursuant to Section 1002(a) and (b)(2)(A) of OPA, 33 U.S.C. § 2702(a) and (b)(2)(A).

III. APPLICABILITY

3. This Consent Decree applies to and is binding upon: the United States, on behalf of NOAA as the designated federal trustee for Natural Resources, including those Natural Resources at, in the vicinity of, or affected by the Incident; and upon Settling Defendant, including, without limitation, its successors, assigns, or other entities or persons otherwise bound by law.

4. Any change in ownership or corporate status of Settling Defendant including, but not limited to, any transfer of assets or real or personal property, shall in no way alter Settling Defendant's rights or responsibilities under this Consent Decree. V. STATEMENT OF PURPOSE

6. The mutual objectives of the Parties in entering into this Consent Decree are:

(i) to provide funding by Settling Defendant to NOAA, as Trustee, to restore, replace, or acquire the equivalent of the Natural Resources allegedly injured, destroyed, or lost as a result of the Incident, including funding for planning, implementation, and oversight of the Restoration work and Future Trustee Costs; (ii) to provide payment by Settling Defendant to NOAA, as Trustee, to reimburse unpaid Natural Resource Damage Assessment costs incurred by NOAA; (iii) to resolve and settle the United States’ claims against Settling Defendant for Natural Resource Damages as provided herein; and (iv) to avoid potentially costly and time-consuming litigation.

VI. PAYMENT BY SETTLING DEFENDANT

7. Within 30 Days of the Effective Date, Settling Defendant shall pay a total of \$3,100,000.00 to the United States. Payment shall be made by Fedwire Electronic Funds Transfer (“EFT”) to the U.S. Department of Justice account in accordance with current EFT procedures, referencing the case number and DOJ Number 90-5-1-1-12640. Payment shall be made in accordance with instructions provided to Settling Defendant by the Financial Litigation Unit of the United States Attorney’s Office for the Eastern District of Louisiana following entry of the Consent Decree.

8. Subject to the deduction required by 1994 CJS Appropriations Act, the payment required by Paragraph 7 shall be deposited in the DARR Fund, to be to be maintained by NOAA for its benefit and use as Trustee to reimburse unpaid Natural Resource Damage Assessment costs and to pay for Trustee-sponsored Restoration projects and Future Trustee Costs in accordance with Section VIII.

9. At the time of the payment in Paragraph 7, Settling Defendant shall send written notice of payment and a copy of any transmittal documentation to NOAA in accordance with Section XII (Notice). The notice shall reflect that the payment is being made for the “MC 209 Natural Resource Damages Settlement.”

10. Interest shall be paid by Settling Defendant on any amounts not paid within the allotted time. If Interest is owed due to late payment under this Section, Interest shall accrue from the date of lodging of this Consent Decree and continue to accrue through the date of full payment. Payment of Interest shall be made in accordance with the instructions provided in Paragraph 7. Payment of Interest made under this Paragraph shall be in addition to such other remedies or sanctions available to the United States for Settling Defendant’s failure to make timely payments under this Consent Decree including, but not limited to, payment of stipulated damages pursuant to Section VII (Stipulated Penalties).

VII. STIPULATED PENALTIES

11. Assessment of Stipulated Penalties. Settling Defendant shall pay stipulated penalties for failure to make timely payment (“Noncompliance”) in accordance with the deadline in Section VI (Payment by Settling Defendant) at the rate of one thousand dollars (\$1,000) per Day for each Day of Noncompliance.

12. Stipulated penalties shall begin to accrue on the day after payment is due and continue to accrue until the date of full payment.

13. Any stipulated penalties owed for late payment under Paragraph 7 shall be paid to the United States.

14. The United States may give Settling Defendant a written notification that it has failed to make a required payment. Such notice shall describe the Noncompliance and make a demand for the payment of the stipulated penalties. However, stipulated penalties shall accrue as provided in Paragraph 12 regardless of whether Settling Defendant has been notified of a Noncompliance. Settling Defendant shall pay stipulated penalties within 30 Days of written demand for such stipulated penalties, as determined by the date of mailing by U.S. Mail or other mail service of the written demand. Failure to notify Settling Defendant of a Noncompliance does not waive the United States' right to collect Interest resulting from the Noncompliance.

15. If Settling Defendant fails to pay stipulated penalties when due, the United States may institute proceedings to collect the stipulated penalties, as well as Interest as provided in Paragraph 16.

16. Interest on Stipulated Penalties. Settling Defendant shall pay Interest on any unpaid stipulated penalties, which shall begin to accrue on the 31st Day of the date of mailing of the written demand.

17. Notwithstanding any other provision of this Section, the United States may, in the unreviewable exercise of its discretion, reduce or waive the stipulated penalties owed to it that have accrued pursuant to this Consent Decree. Any such waiver shall only apply to the stipulated penalties identified by the United States in exercising its discretion and shall not affect the right to seek the full amount of stipulated penalties due for any other Noncompliance.

18. Nothing in this Consent Decree shall be construed as prohibiting, altering, or in any way limiting the ability of the United States to seek any other remedies or sanctions available by virtue of Settling Defendant's violation of this Consent Decree or of the statutes and regulations upon which it is based.

19. Payment Instructions for Stipulated Penalties. Any stipulated penalties payment shall be accompanied by a reference to this Consent Decree, be identified as "Stipulated Penalties," and reference the "MC 209 Natural Resource Damages Settlement." Notice of payment of stipulated penalties shall be made to NOAA in the manner specified in Section XII (Notice). Stipulated penalties payments shall be made by Fedwire EFT to the U.S. Department of Justice in accordance with written instructions to be provided to Settling Defendant by the Financial Litigation Unit of the U.S. Attorney's Office for the Eastern District of Louisiana. At the time of payment, Settling Defendant shall send the United States a copy of the EFT authorization form and the EFT transaction record, together with a transmittal letter, which shall state that the payment is for stipulated penalties owed pursuant to the Consent Decree, and shall reference the case name, civil action number, DOJ Number 90-5-1-1-12640, and the Noncompliance for which the stipulated penalties are being paid to the United States, in accordance with Section XII (Notice).

VIII. MC 209 OIL SPILL RESTORATION ACCOUNT

20. Upon receipt of the monies pursuant to Paragraph 7, NOAA will place the monies in a project-specific account within the DARR Fund to allow the monies to be maintained as a segregated account within the Fund. All monies deposited in the MC 209 Oil Spill Restoration Account in accordance with this Paragraph shall be held in the Account solely for use by NOAA to reimburse unpaid Natural Resource Damage Assessment costs incurred by NOAA and to plan,

implement, oversee, and monitor the Restoration of injuries to Natural Resources resulting from the Incident and for Future Trustee Costs.

21. NOAA commits to the expenditure of the monies set forth in Paragraph 7, except for those used to reimburse unpaid Natural Resource Damage Assessment costs incurred by NOAA, for the planning, design, implementation, permitting (as necessary), monitoring, and oversight of Restoration projects and for the costs of complying with the requirements of the law to conduct a Restoration planning and implementation process. NOAA will use the monies to restore, rehabilitate, replace, or acquire the equivalent of any Natural Resource and its services injured, lost, or destroyed as a result of the Incident and for Future Trustee Costs.

22. The allocation of monies for specific projects or categories of projects and Future Trustee Costs will be contained in a Restoration Plan or Plans prepared by NOAA, for which public notice, opportunity for public input, and consideration of public comment will be provided, as required under OPA and the National Environmental Policy Act, 42 U.S.C. §§ 4321 *et seq.* (“NEPA”). Once the public review process has been completed, NOAA will implement the Restoration Plan(s) with any revisions NOAA may deem appropriate after considering all public comments.

23. Decisions regarding any use or expenditure of monies under this Section shall be made by NOAA. Settling Defendant shall not be entitled to dispute, in any forum or proceeding, any decision relating to use of monies or Restoration efforts under this Section.

IX. COVENANTS BY THE UNITED STATES

24. In consideration of the payments and actions that have been and will be made by Settling Defendant under this Consent Decree, and except as otherwise specified in this Section, the United States covenants not to sue Settling Defendant or take administrative action against

Settling Defendant for Natural Resource Damages resulting from the Incident. This covenant not to sue is conditioned upon receipt by the United States of the payment required by Section VI (Payment by Settling Defendant) and, as applicable, Section VII (Stipulated Penalties). The covenant not to sue extends only to Settling Defendant and does not extend to any other person.

25. Reservations of Rights. Notwithstanding any other provision of this Consent Decree, the United States reserves, and this Consent Decree is without prejudice to, all rights against Settling Defendant with respect to all matters other than those expressly specified in the covenant not to sue set forth in Paragraph 24, including, but not limited to:

- b. Claims against Settling Defendant for Natural Resource Damages that are not a result of the Incident;
- c. Claims against Settling Defendant for criminal liability associated with the Incident;
- d. Claims against Settling Defendant for civil penalties and injunctive relief under the Clean Water Act for spills or discharges from the Incident; and
- e. Claims, other than claims for Natural Resource Damages related to the Incident, against Settling Defendant that the United States, on behalf of the United States Environmental Protection Agency or the United States Coast Guard may have under any applicable law, including for recovery of OPA Removal Costs and Damages.

26. Special Reservations Regarding Natural Resource Damages. Notwithstanding any other provision of this Consent Decree, the United States reserves the right to institute

proceedings against Settling Defendant in this action or in a new action seeking recovery of Natural Resource Damages based on:

- a. Conditions caused by the Incident, unknown by NOAA as of the date of the lodging of this Consent Decree, that cause new or additional injury to, destruction of, loss of, or loss of use of such Natural Resources; or
- b. Information received by NOAA after the date of lodging of this Consent Decree indicating that the Incident has resulted in new or significant additional injury to, destruction of, loss of, or loss of use of, such Natural Resources which injury is of a type that was unknown or a magnitude greater than was known by NOAA as of the date of lodging of this Consent Decree.

27. Pursuant to 33 U.S.C. § 2715(c), the United States expressly reserves, and Settling Defendant expressly acknowledges, the right of the United States to institute proceedings, to take judgment thereon, and collect such judgment(s) thereon against Settling Defendant or any other liable person, to seek and recover Removal Costs and Damages resulting from the Incident based on claims submitted to or filed against the United States, including claims against the Oil Spill Liability Trust Fund.

28. This Consent Decree shall not preclude the United States from instituting a separate or ancillary action to enforce the terms of this Consent Decree.

29. Nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. In addition, nothing in this Consent Decree shall limit, enlarge, or otherwise affect, the private rights or claims of any person not a Party to this Consent Decree, except as may be determined otherwise by a court of competent jurisdiction.

X. COVENANTS BY SETTLING DEFENDANT

30. Settling Defendant hereby covenants not to sue and agrees not to assert any claims or causes of action against the United States, and its employees, agents, contractors, departments, agencies, administrations, and bureaus arising from the Incident, including, without limitation, any potential or pending claims against the Oil Spill Liability Trust Fund relating to the Incident.

31. In any subsequent administrative or judicial proceeding initiated by the United States for injunctive relief, penalties, costs, damages, criminal liability, or other relief relating to the Incident, Settling Defendant shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon a contention that the claims raised by the United States in the subsequent proceeding were or should have been brought in the instant case, except with respect to claims that have been specifically resolved pursuant to Paragraph 24.

XI. COSTS

32. The United States shall be entitled to collect from Settling Defendant the costs (including reasonable attorneys' fees) incurred in any action necessary to collect any portion of the amounts due under Section VI (Payment by Settling Defendant), or any stipulated penalties due but not paid under Section VII (Stipulated Penalties).

XII. NOTICE

33. Unless otherwise specified herein, whenever notifications, submissions, or communications are required by this Consent Decree, they shall be made in writing and addressed to those listed below. All notices under this Section are effective upon receipt, unless otherwise specified. Except as otherwise provided, notice to a Party by email (if that option is

provided below) or by regular mail in accordance with this Section satisfies any notice requirement of this Consent Decree regarding such Party.
